Welcome to the first edition of our 2015 Newsletters! This year is set to be jam packed full of exciting new ventures and thrills here at Suncoast.

To start we would like to introduce our new sister company; Nioka Caravans. Yes, that's right we can now repair caravans, and BUILD caravans! Very exciting times ahead for the busy team behind our first few vans coming through in the next month. There is a little about Nioka in the article below from Hayden and Adam.

This months issue

features loads of new products now in stock.

One of those products is the Red Arc TowPro brake controller which we can now also install! With our nifty auto electrician on staff, we are now able to work on vehicles as well. Check out page 3 for more information on a select few RedArc products.

Plus, we are now a certified AL-KO ESC Electronic Stability Control installer! See page 4 for more info.

For those wanting a fresh lavender aroma from their toilet, have a look at the next page at the new quick easy

lavender scented Porta-Pak toilet drop in tablets.

We would like to congratulate David Ison whom won our Waeco CFX 65L draw thanks to Dometic/Waeco. Well done David, hope you enjoy using your new portable fridge/freezer!

Lastly, don't forget to check out our up-coming events on page 6.

Well that's all from me for another month. Hope you enjoy this months issue and share in our exciting times ahead.

Happy Travels!

Letitia Twist

Editor In Chief

Introducing... NIOKA Caravans

By Bruce Beausang, Hayden Beausang, and Adam Twist

Nioka Caravans was conceived from the desire of Bruce and his Son Hayden and Son-In-law Adam to manufacture quality well constructed serviceable caravans for the discerning buyer. The word 'NIOKA' is interpreted as 'grassy hills' in the Aboriginal language and was the property name of the family spread at Conondale on which Bruce was raised.

Construction of the first two prototypes is well underway. More in the next Newsletter.

Latest & Greatest In The Showroom

Elemonate

Grey Water Deodoriser

“Freshen your sink and drain lines with this quick dissolving tablet. Contains enzymes to safely break down grease in the grey water tank and plumbing lines. Continued use of Elemonate will keep your drain lines open, flowing and odour-free.”

RRP \$17.00

Porta-Pak Express

Lavender

“Deodoriser for RV and boat use. Provides the ease and convenience of a commercial strength deodorizer that disperses quickly in your toilet holding tank and acts fast to break down waste and paper.”

RRP \$17.00

Coast To Coast

Multi Purpose Floor Matting

“Great for any outdoor activity (or even around the home), this floor matting is made from foamed PVC making it a soft, breathable mat that won't kill the grass! It has a non slip feature so that items you place on it will stay where you left them. This is a hard wearing, durable mat that has endless uses. Available in three trendy colours; blue, grey and green.” Lengths available starting at 3m to 6m all 2.5m wide.

Red Arc

We would like to introduce a new range of products we now stock and install by Red Arc.

Tow-Pro (Electronic Brake Controller)

RRP \$330.00

'Smooth trailer braking response, automatic and user-controlled modes, main unit mount by any orientation, meets ADR21 safety standards, AL-KO ESC compliant, electric/hydraulic operation.'

Monocrystalline Solar Panels

Available in; Folding –90W, 120W & 150W

Roof Mount—50W, 80W, 120W & 150W

'Monocrystalline construction, strong aluminium frame, tempered glass coating, diode protected, 5 year structural warranty, 25year/80% efficiency warranty.'

The Manager30 (Battery Management System)

RRP \$1 997.00

'Five Products In One; DC in-vehicle battery charger, 240v AC battery charger, MPPT solar regulator, dual battery isolator, remote battery monitor.'

AL-KO ELECTRONIC STABILITY CONTROL

Introducing the Alko ESC Electronic Stability Control. ESC is a sophisticated electronic system, designed to ensure the stability of your caravan is monitored and controlled. Which is a crucial factor during emergency avoidance manoeuvres.

Some of the AL-KO ESC benefits are:

- ◇ Providing complete control in the event of unexpected driving hazards
- ◇ Immediately applying the electric brakes in a smooth and controlled manner
- ◇ Faster reaction to the driver
- ◇ Providing peace of mind for you and your family on the road
- ◇ Possible discount with insurance companies when ESC is installed
- ◇ Revolutionary caravan towing safety technology

For more information about this great new product and to see a video of ESC in action, visit:

www.alkoesc.com.au

CERTIFIED INSTALLER

So if you are buying a new caravan, ask for ESC to be fitted. Or if you are interested in having ESC fitted to your older caravan, please contact us for more information as we are now an ESC Certified Installer.

Yamba

By Bruce Beausang

With just a short break between Christmas and New Year, Jenny and I headed off to Yamba Waters Caravan Park for a much needed week of R & R.

I managed to fit a fishing trip in on the majestic Clarence River and had fun catching some shovel nosed sharks. We caught six in total, all though were released to provide future entertainment for fisherman who are, no doubt, more skilled than I.

Yamba is such a beautiful destination. We always enjoy our time there. It reminds me of the Mooloolaba of old (minus highrise, traffic chaos and crowds).

Yamba Waters Caravan Park

36 Golding Street, Yamba NSW 2464

Phone:(02) 6646 2930

Stanthorpe

By Bruce Beausang

Over the Australia day weekend, Jenny and I scooted off to Stanthorpe, another favourite destination of ours. A stay at 'Top Of The Town' tourist park is always relaxing. Nothing much has changed in Stanthorpe over the years with the usual visits to wineries, cheese factory and Mt Sterling Olives.

The absence of the traffic snarls even at the 'Markets In The Mountains' made driving a pleasure.

A day trip to the water falls, Killarney and return via Warwick saw some lovely countryside, lush green grass and very fat cattle, Jenny managed to take some great photos of old sheds, one of which has been picked up by

Australian amateur photographer Facebook page as their cover photo.
