- **NEW NSW CARAVAN & CAMPING HOLIDAY AND TOURING GUIDE 2011 OUT NOW!!! (FREE!)**
- **MARCH SPECIALS; AWNING PRODUCTS!**

THE YEAR IS FLYING AHEAD... AND SO IS OUR SHOWROOM!!!

March is already here, and through the next couple of months there are plenty of long weekends, providing great opportunity to pack up the caravan or camper and escape! Our showroom is busting at the seams with over 2000 different products and great ideas to make your next getaway more enjoyable and comfortable.

As our first trial run of the three day price blitz in February ran with success, we have decided to continue this monthly and offer some really great bargains on

a different selection of products each month.

For the month of March, our specials are featuring awning products, and also a section about these products and the ways they can assist the life and condition of your awning are highlighted on page 3.

The *new* Camps Australia Wide edition 6 is

now available in our show room. Its even bigger and featuring over 3700 different listings for great places to stay in the awesome country we live in.

We also now have available the latest edition of the NSW Caravan & Camping Holiday & Touring Guide 2011. It is free and waiting to be read!

So come in and visit us, and see these new products to make your next trip planning easier!

LETTER FROM THE EDITOR

Welcome to the March edition of our Monthly Newsletter! We hope this issue finds our readers safe & well and ready to enjoy the up coming long weekends!

As always we have included information on some of our new-to-store

products and we have decided to make the Three Day Price Blitz a regular monthly special.

Some other related news, as our online shop is continuously being updated, we now have the payment option of 'PayPal' for the convenience to our online

customers. Simply visit our website for more details!

We hope you enjoy this issue, and look forward to seeing you soon!

Letitia Beausang
Editor In Chief

LOOKING AFTER YOUR AWNING

Your awning is an important part of your Van or RV, and looking after it well will prolong its life and enhance your traveling experience. Here are a few products designed to keep your awning in tip top shape.

Aussie Traveler Anti-Flap Kit

The Aussie Traveler Anti-Flap kit is designed to prevent your awning fabric flapping in the wind, and also allows you to easily use with your shade walls. The kit hooks in to a supplied wall bracket on your van and then fits into a hole in your awning tube. There is a large clamp that secures the entire length of your fabric.

Aussie Traveler Anti-Flap Kits are available in 3 sizes, measure the projection of your awning,

Projection	Size
2100mm to 2200mm	Short
2200mm to 2300mm	Medium
2300mm to 2400mm	Long

Canvas Anti-Flap Kit Wrap

Protect your Anti-Flap Kit and keep it looking new with this clever and handy wrap. It stores all sections of the kit in their own pockets. The Wrap can then be rolled and secured with the easy Velcro closures.

We have 1 only available in Maroon and 1 only available in Green at our special price in March.

Aussie Traveler Roof Rafters

These rafters are a must have for your awning. They help prevent your awning flapping in the wind, and prevent water pooling and stretching your awning fabric. They are easily fitted and stored.

Supex Roof Rafters

Similar to Aussie Traveler Roof Rafters, these are not as acutely curved which may be easier on your awning fabric.

De-flappers

Available in 2 styles, these de-flappers hold onto your awning fabric with a clamp and Velcro to your awning arm. Both the Max and the Camco De-flappers are sold in pairs, with a choice of either Caravan or Pop top styles.

Silicon Spray

We recommend Silicon spray on locking knobs, lift handles etc, to keep them running smoothly and prevent seizing and damage. Silicon spray does not attract dust and dirt, which can be a problem with other sprays.

Awning Cleaner

FTC Awning Cleaner's concentrated and industrial formula removes mould, mildew, dirt, tree sap and grime. It is safe to use on vinyl, acrylic and fabric awnings.

Waterproofing

Waterproofing gives your canvas fabric a new repellent finish and helps to prevent mildew growth. We have 2L and 5L sizes available.
