Looks like it is that time of year again—time to get out the slippers and beanies ready for Winter! We are getting organized for the cooler months ahead with our April special on the Truma Gas Heaters. Plus come in and see Adam for a great deal on installation. Please refer to Adams' article below and also page 2.

Bruce has written a couple of great articles this month; Kilkivan Bush Camping and Music in the Mulga. Bruce and Jenny wish to offer company for the

drive out to Music in the Mulga for anyone interested. Kilkivan Bush Camping is a great spot not to far away for a good camping weekend with great hospitality.

We have also included a new latest and greatest feature product coming out; LED Speakers! They are Bluetooth operated speakers which also work as an LED

awning light—best of both worlds! Check out page 4 for more info!

The photo to the left is a gorgeous shot Jenny took of their two dogs 'Marley' and 'Trouble' out at Kilkivan Bush Camping, looks like they were having a nice relaxing stay!

Well that's all from me again, hope you all enjoy this months newsletter.

Happy Travels!

Editor In Chief

A Word From Our Service Manager By Adam Twist

Hello everyone!

Its that time of year were the temperature is dropping and we are thinking about a good old camp fire to keep us warm on those chilly nights. Outside the van the temperature is dropping but inside the van it can feel like a summers day! Well that is if you have a

Truma gas heater warming it up. A Truma gas heater is a great alternative to using your air con or if you are free camping you may not have power to run the air con. A Truma Gas Heater can run as long as 90 to 120 hours on one 9kg tank of gas. Also they are whisper quiet. So feel free to give me a call

to chat about your heater installation before winter hits.

Also we have the Truma heater on special at the moment at \$1450.00 plus installation. Down from RRP \$ 1999.00.

Adam Twist
Service Manager

***** APRIL GAS HEATER SPECIAL *****

Get ready for Winter with our awesome April Gas Heater
Special: E2400 Truma Gas Air Heater 12v Ignition

RRP \$1999.00

- * Maintenance free operation
- * Very low 12v consumption
- * Flexible installation positions
 - * Electronic control unit
 - * Ideal as auxiliary heater
 - * 2400W of heating power
- * Completely automatic operation
 - * Requires little space
- * Between 90—120 hours of operation from 9kg Bottle

Kilkivan Bush Camping & Caravan Park

By Bruce Beausang

On the weekend of the 21st March Jenny & I travelled to Kilkivan Bush Camping for a muster with the ACC Family Firesiders. Some 13 vans attended and a fun time was had by all.

This is a very relaxing park. The number and variety of birds living in the park area amazed me. The Kookaburra serenade at 5.32am on Saturday ensured a sleep in was out of the question but who'd want to miss the sunrise anyhow? After breakfast a short road tag-a-long to the old chimney at the copper mine site on Rossmore Rd was very interesting.

Saturday night saw most of the park guests enjoy a camp fire roast dinner followed by sticky date pudding. Cooked under the supervision of hosts Ralph and Antonia the meal followed a magic show which we found very entertaining with torn up newspapers reincarnated, ropes extended and joined and knotted in impossible ways, cards and handkerchiefs appearing and disappearing before our eyes, "solid" rings with mysterious openings appearing at

will etc. The meal is catered each Saturday night and the entertainment varies from time to time, but for \$20.00 a head it's good value. After cleaning up, Ralph came along to our camp fire and entertained the group with his guitar to top off a great night.

As one of our famous music hosts says "do yourself a favour" and check out this park

next time you go camping.

NEW—Bluetooth Weatherproof LED Speaker/Awning Light

These amazing new speakers have an inbuilt super bright 45 LED light and bluetooth . Featuring 2x3” 2-way speakers mounted in an optimised surround for brilliant sound quality. The speakers operate using any A2DP Bluetooth Audio Streaming device with a reception range up to 10m (i.e. smart phone). The new unit can replace existing awning lights with its simple DIY 2-ware installation and

12v operation. They also have a separate on/off switch and come with a 2 year warranty. Hot off the press, you will find this awesome new speakers/light in our showroom. Come in and see us today, we are only too excited to show you with stock arriving this month.

Music In The Mulga

By Bruce Beausang

Jenny and I are planning to attend this event, programmed from Thursday 8th May to Monday the 12th May. See musicinthemulga.com.au for more information.

If you would like some company for the drive out there and back (approx. 12 hours) please let me know.

Bruce Beausang.

“Music In The Mulga” is a Country Music Festival held annually over the Mother's Day weekend. The festival is held on a working sheep and cattle property, “Wandilla Station” 16km south of Eulo, south west Queensland.

This unique festival of four days full of great country and country rock music has the atmosphere of a large family gathering and in true outback style everyone is made to feel welcome. The main rule for the festival is to simply have fun.

The Outback gathering is an opportunity to meet up with friends, old and new, have a chat, a drink and enjoy yourself and the whole experience. Walk Up concerts to share your talents, evening concerts, main concert Saturday, Charity Auction and yabby races with fashions of the field celebrity cook off and much more. Don't miss out on this great few days.” (Music in the Mulga Website)

Say hello to our friend:

Jarrod Michael—The Camping Guru Camping Country Australia

Camping Country Australia is a proudly owned Sunshine Coast family business, built on our family's love for the outdoors. Camping delivered my parents, Rob and Margy Michael the type of experiences they wanted for our family. It was on one of our family camping trips that they discussed turning their passion for camping into a business.

That was back in 1993; and our business has grown with the Coast, injecting millions of dollars into the local economy and supporting local based community clubs and associations.

I'm their son, Jarrod, and now General Manager. I'm a local boy, married to Kerri, and have two daughters Maisie and Sari, who all also love the freedom of camping.

In store you can feel relaxed in an atmosphere like no other, with our staff having all the knowledge possible about camping, we not only provide customers with the best gear, but also pass on their information to you so that you can have the best family camping experience of your lives. I also have a very personal approach to all the gear my staff and I sell: i.e. "If my staff or I won't use it - we won't sell it ...Guaranteed!!"

Just remember we sell the best gear so you can enjoy the best camping experience of your life.
