Its exciting to finally share with you how amazing our new driveway service is! We now have a wider entrance/exit and..... No reversing in! Drop your van and drive straight out! This is now allowing us to do simultaneous bookings and departures for quick and hassle free service i.e. if you're running a little early or late alongside someone else. Plus with minimal reversing needed, there is less worry and tricky obstacles during your visit.

There is on site customer parking with new line marking going in to help direct you. For all of our customers with fifth-wheelers, the wider access makes bringing your van in a breeze.

Suncoast Caravan Service Trade Shows

Earlier this month, we had the privilege of holding a mini trade show at both the Cotton Tree Holiday Park and also the Maroochy Beach Holiday Park. We talked about all things caravanning with guests from products to safety. While also having a variety of special offers, giveaways and products available. Plus Bruce and Hayden put the BBQ on for a free sausage sizzle and can of drink.

We all really enjoyed meeting the guests at the parks in lovely relaxing environments, as we hope the guests all enjoyed themselves too.

A huge thank you to Jason & Nicole from Maroochy Beach Holiday Park, and Trent & Natalie from Cotton Tree Holiday Park for having us. We hope to see you all again soon.

ACC National Muster at Lucindale

I had the luxury of time off work to attend the Australian Caravan Club's 8th National Muster at Yakka Park in Lucindale South Australia in October. There were just over 200 members RVs attending the week long event. Registrations were from all states of Australia including Tasmania, such is the depth of interest in this organisation.

These annual musters really do showcase the enormous variety of benefits available to ACC members and allow members to see first hand the lobbying and representation being done by the Board at all levels of government in order to maintain and advance the caravanning lifestyle. The burgeoning growth in the caravan lifestyle is also one of the biggest threats to the future of this great pastime, as poor decisions and actions by a minority will eventually provide regulation which unintentionally or otherwise will restrict/impede enjoyment by the majority. Education of the caravanning public is paramount to prove the necessity of regulation by covens and governments and other parties.

I would urge all readers to investigate this great club (and there are many others) and join up and make new friends and learn more about this wonderful past time. See www.australiancaravanclub.com.au for more information. P.S. Next years ACC National Muster is at Beaudesert QLD in October—so much closer to home for Queenslanders. If you cant make it for the entire week, then weekend registrations are available.
