Spring, Fathers Day, School Holidays... its all happening this month! Because there are a few 'special' happenings this month, we are running some great deals on Accessories and Pre-Holiday Servicing.

To celebrate Fathers Day, we have decided to run a month long special on 4 selected items. We will have reduced prices on; Trail-A-Mate Jacks, Door Mounted Towing Mirrors, Saturn Antennas & Leveling Ramps, great presents for dads & granddads! All prices are even below RRP! Because of the school holidays fast approaching, we thought it would be a fantastic idea to offer a great deal on our very popular Pre-Holiday Service. The service essentially entails us making sure your van or camper is ready to hit the road! We perform a basic brake & bearing service including the jockey wheel, whilst also checking the operation of roll out awnings, protector shades & gas struts, corner jacks and the operation of gas appliances.

So for the month of September, we are offering a massive 10% off the Pre-Holiday Service & all parts used for the service. That is

a huge saving, not only on the price but also your holiday experience, knowing that your van is safe and working well.

We have also included an article on the Lifestyle Table and the new floor matting available. Both great products to enhance your holidaying experience.

On an exciting note we have a new website! With the same easy use layout, but with an all new look! Michaela our fantastic IT lady has been working hard to piece it all together, and I think it's a job well done! We welcome anyone to have a look and we would love to hear what you think about it!

Otherwise, that's all from me for another month, hope all of the dads out there enjoy fathers day, and everyone has a safe and happy school holidays!

Joke Of The Month

This joke was given to us by one of our regular customers. If you have a joke for us, send it in to our newsletter girls, and we will publish it the next issue!

When you're Retired & not a Caravanner

Working people frequently ask retired people what they do to make their days interesting. Check the way one retiree enjoys his days.

His story; I went to the shops the other day, I was only there for about 5 minutes. When I came out there was a city cop writing out a parking ticket. So I went up to him & said, "Come on mate, hot about giving a senior a break?". He ignored me and continued writing the ticket.

I called him a name or two. He glared at me and started writing out another ticket for having worn tyres.

Well then I called him a piece of horse crap. He finished the second ticket and put it on the wind-shield with the first. Then he started writing a third ticket.

This went on for about 20 minutes, the more I abused him the more tickets he wrote. It was no worry to me as my car was parked around the corner.

I try to have a little fun each day. Its important at my age.
