- **THE NEW DOMETIC B3000+ AIR CON UNIT**

HAPPY NEW YEAR! FROM EVERYONE AT SUNCOAST!

The new year is finally here! However so far the year has not started so brightly for Queensland. Our hearts go out to everyone affected by the flooding throughout Qld especially for those who have lost loved ones. We only hope that the worst is now over and the rest of the year will bring better and greater things for everyone.

The flooding has truly touched us all. With our business here having to close to allow staff to go home safely and look after their property and families. We hope that this newsletter finds our customers all safe and well.

LETTER FROM THE EDITOR

Welcome to 2011! And what a start to the year we have had so far! We hope this issue finds our readers safe and well, and for those affected by the floods, we wish you all the best in recovery and re-building.

This year we are running a special 'Price Blitz' on selected items for three days only per month. These specials are a great way to grab yourself a bargain!

Also, each month we will be running information from some of our suppliers about the latest and greatest products available. This month we have featured the new Dometic B3000+ Air Con Unit!

Some great news in this issue; the new Amp-fibian are available! See newsletter for more details!

We hope this issue provides our readers with plenty of information about new products available, and if there are any suggestions or products you would like to know more about, please let us know! Happy Travels!

the new Dometic B3000+ Air Con Unit, great for conditions all year round!

We hope everyone enjoys this months newsletter, look forward to seeing you all in our showroom soon!

Letitia Beausang
Editor In Chief

THE NEW AMPFIBIANS ARE HERE

POWER ADAPTER WITH RCD & OVERLOAD

Amphibian is a portable weather-resistant Mains Voltage safety and circuit protector, power adapter with Residual current device (RCD) and overload protection.

Amphibian can safely and legally connect your recreational vehicle to any 10A domestic power socket. The unit automatically trips if the power outlet becomes overloaded, protecting your domestic power supply.

The RV-02 versions additionally protect against electric shock using a residual current device (RCD)

The new Amphibians are available in 2 RV versions,

- ◆ 15A to 10A adapter with earth leakage and overload (RV-02)
- ◆ 15A to 10A adapter overload only (RV-01)

Both of these versions allow the safe and legal connection of a 15A load, such as a caravan or other recreational vehicle to a standard 10A supply when a 15A circuit is unavailable.

Amphibians are:

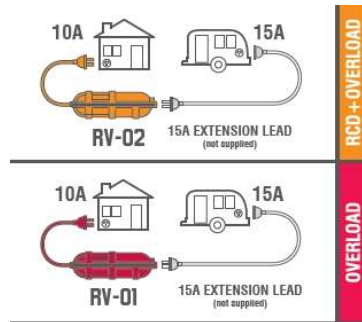

- ◆ Weatherproof
- ◆ Best-in-class protection
- ◆ Personal safety device
- ◆ Safely connect to domestic outlets
- ◆ Designed and Made in Australia

The new Amphibians have just been released and we have limited amounts of both the RV-01 and RV-02

In stock. More stock will be available within the next few weeks.

RV-01 (Red) RRP \$159.00

RV-02 (Orange) RRP \$249.00

NEW RANGE OF BBQs

SLIMLINE SIZZLER PRO

Designed for the Marine and Leisure industry, these barbeques are perfect for meals on the go. The range includes four models, from basic to deluxe, with accessories available to enhance your outdoor cooking experience. All Sizzler barbeques require and LPG gas supply, and include peizo ignition and 2 stainless steel burners for ease of use.

Little maintenance is required on the Sizzlers, all fat drips into the fat tray which is easily removed for cleaning, though it is recommended that you clean your barbeque after each use. Each Sizzler BBQ comes with a 5 year limited warranty.

The first model in the range is the Slimline Sizzler Pro, It is a fully stainless steel BBQ, with Stainless steel cooking plate and lid. Includes slide mechanism (ball bearing) for convenient installation. Dimensions (closed inc handle): 340D x 532W x 195H mm
