- **ACC NATIONAL MUSTER 2010 Maryborough!**

## MESSAGE FROM SUNCOAST

Welcome to our first newsletter! We hope it will be helpful and give our readers some insight about the workings of Suncoast Caravan Service.

This months issue is jammed packed full of ideas, information and news. And surely will only become greater and bigger as we go. We would love to see our special section dedicated to 'Readers Stories' become full of tales about great adventures and great places to go and see. So please share your adventures with us, tell us about all the wonderful wonders you see travelling and all the great places you have visited!

The Christmas holiday season is fast approaching, so our section 'Getting Ready' and 'Holiday Tips' could be well worth a read. There are plenty of ideas or ways to make your holiday journey a safe one and memorable for all the right reasons.

Hasn't the weather been strange? From windy, sunny, cold/hot and rain no one seems to be able to keep up with the weather man. So we have put together a little list called 'Hot Favourites' with all the accessories that work well with this weather.

So, we hope everyone enjoys our first newsletter. If

there are any ideas or suggestions for making it even better, please forward your ideas to info@suncoastcaravanservice.com.au

Otherwise, from everyone at Suncoast, have a safe journey where ever you may go and we hope you enjoy our first newsletter!

## LETTER FROM THE EDITOR

Hello everyone! This being our first issue, I am hoping everyone will enjoy it as much as we did putting it together! We have put together plenty of ideas and have been expanding even on what we have done this issue. However,

we are completely open for suggestions or if there are any stories anyone wishes to share.

Things seem to be forever changing in the world of accessories and parts. It can be hard to keep up with all the gizmos and

gadgets everyone is using, so in our newsletter we hope to share this information with you. But if you ever see or find something different, let us know!

For now, happy reading!

Letitia Beausang  
Editor In Chief

*10 000kms or annually.”*

## GETTING READY

### GETTING YOUR VAN READY FOR YOUR NEXT ADVENTURE

Have you ever considered how long it has been since your van last had a service? An important part of getting ready for a long journey or holiday, is making sure your van is

safe and ready to handle some of the rough road surfaces.

It is recommended that a Brake and Bearing service be done every 10,000kms or annually. Much the same as you would regularly service your vehicle.

We also have a special Service called a 'Pre Holiday Service'. Whereby we complete an overall inspection of your van to make sure it is safe and ready to move! In this service we don't just look at the brakes and bearings, we can also check the operation of your awning, and appliances.

Here at Suncoast Caravan Service, we can complete a thorough Brake and Bearing service to keep your van travelling smoothly.

So give us a call and we can arrange for your van to be serviced and ready for your next adventure!

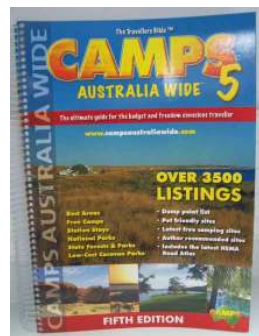

All set up ready to relax and enjoy.

## HOLIDAY TIPS

### GREAT IDEAS AND TIPS FROM US AND OUR READERS

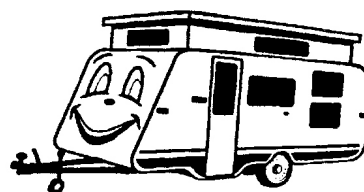

- Refer to the Camps Australia Wide 5 for FREE camping spots!
- Spray soapy water over gas bottle connections after refitting as bubbles will detect any leaks!
- Always cross your safety chains. If your van coupling

comes adrift from the tow ball the coupling may be held up off the ground by the chains.

- Wheel bearings and brakes should be checked and bearings re-packed every 10 000kms.
- When hooking up your van, have a set procedure to avoid forgetting anything. A check list is a good idea.

*“Always cross your safety chains. If your van coupling comes adrift from the tow ball the coupling may be held up off the ground by the chains.”*

# NEW PRODUCTS

## NEW ARRIVALS AND NEW TO STOCK

## AUSTRALIAN CARAVAN CLUB NATIONAL MUSTER 2010

BY JENNY BEAUSANG

Although it was the fourth national muster to be held, it was a first for Qld and the first time hosted by a local branch. The Wide Bay Burnett Nomads have certainly done themselves proud.

From a directors perspective, I have never met a more organized and happy team of volunteers. For the

150 vans that attended, the event started on the 5th of October at the show-ground facility in Maryborough with the official opening ceremony and then a huge week of seminars, craft, trade stalls and the daily happy hour. There was plenty of time to explore what Maryborough and Hervey bay has to offer.

The official dinner on the Saturday night has everyone come together for a terrific meal and the majority then spent the night dancing to the terrific music of the band.

Sunday saw the draw of a huge raffle, with 130 prizes ranging from brake controllers, trail-a-mate jacks, a Waeco fridge, various other camping equipment and local produce.

All in all everyone had a heap of fun and made some great new friendships, and I look forward to attending next years muster.

Jenny Beausang  
ACC Director
